Re: Virginia Scrap Iron and Metal - Roanoke Avenue Site
City of Roanoke, Virginia

Dear Mr. Huggins:

This letter confirms our telephone conversation of August 18, 1995 concerning the comments dated August 18, 1995 on the Supplemental Removal Plan (SRP) for the above referenced Site. As discussed, it appears that several of the comments concerning the figures presented in the SRP noted as deficient and requiring correction, were in error due to the fact that one reviewer's copy of the SRP did not portray all the information contained in the original version of the Figures. Specifically, comments I.3.b, I.4.a, I.7.a, I.8.a no longer need be addressed, as the original Figures did contain the information originally noted as deficient.

All other comments contained in the August 18, 1995 letter must be satisfactorily addressed within the specified time-frame in accordance with the Order.

Please contact me at (304) 234-0254 if you have any questions.

Sincerely,

Jeffrey A. Dodd, OSC
